CARRYING THE TRADITION FORWARD

ON CLOSING CEREMONY

Yesterday, today and tomorrow flow one into another as the torches are handed over from one batch to the other. The skies are overcast, the birds are roosting; that is when the fire comes alive in the torches. This is one of the traditions of Rishi Valley which has gathered gravity over the years. After the heightened energy and passion of the events, the carrying of the torches in a silent march brings a quiet reprieve which holds the entire valley in its stillness. It is a poignant moment when the flag is lowered and handed over to the next generation to carry on the responsibility. Rajan Sir thanked all the forces behind the Sports Meet, especially the akkas and annas in the building department, dining hall and sports department.

He made a special mention of the annas in the sports field in the alphabetical order: Bhagarjun Anna, Sarath Anna, Srina and Venkataramana. Sunil Sir, Reddy Sir and Sagai Sir were also appreciated for their hard work. He evoked the symbolism of the passing of the torch by referring to the words of his favourite lyricist Leonard Cohen:

All my love goes with you
And your love stays here with me
That is the way life changes
Like the shoreline on the sea...

With these words, he declared the Sports Meet 2019 close.

OLD IS NOT GOLD

IT IS BLACK AND WHITE

The Sports Day was not as interesting before Reddy Sir came into the scene in 1998. He introduced about 45-50 different events. Currently the sports day has about 100 events.

He is planning on introducing many more events in the coming years. Reddy Sir was the one who made the torch which we use these days.

There are actually a lot of equipments and tradition which existed before 1998. The podium is in fact older than Reddy Sir's stint in R V. The drills and the torch bearing tradition were also there in the 1990s.

HEATED HEATS

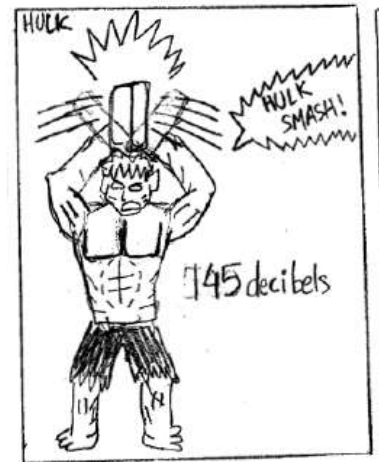

THE THUNDER CLAP

This year there has been a lot of controversy on the famous starting clap. A lot of people have notified that Sagai sir says "On your mark! - Get set - CLAP" and on the other hand Reddy Sir used to say "On your Mark! - Get ; set!" (set and the clap at the same time). Due to this change a lot of students have made a false start or started late. That's when the teachers get upset because a huge hangama breaks out with all the students demanding for a re-start, screaming their heads off, marching around until they finally get a re-start. We are sure that as usual the students will get used to this new tradition of the thunder clap.

SPORTS AFRESH!

We asked a few freshers about their thoughts on their first sports meet in RV. Here is what they had to say.

Yuvikaa: I as a fresher think that it's going to be fun and feel excited after getting to know a little bit from my friends about the sports day. I wish best of luck to all of them who are participating.

Indu: There are loads of events, for sports day as we all know. There would be fun too, not only for the participants but also the audience who will cheer for them. I am waiting to watch all this.

Anika: Everyone gets a chance here to show their talent and I am very fascinated by this system. This occasion of sports is quite different for me. The drill is a part in which I am interested in the most.

Ranvir: As a fresher I feel that I am going to enjoy a lot and I am going to participate in many things, so I am actually well engaged.

Bindu: The special sports movie too!

Aharya: I am really looking forward for the sports day and I think that it's going to be a lot of fun. There are lot of events in which everyone can participate and it's going to be a good experience.

Kaasni: Not only for sports but I am even looking forward for the high tea and our special sports movie and I know that it going to be really fun, we are even choreographing our own drill! Yes!

MANN KI BAAT

This being Manasvini's fifth Sports Meet, let's hear what she feels about Sports....

"Sports has been a part of my life since early days," she says. "After coming to RV, I've had more time to invest in learning to play a variety of sports and now I have grown so attached to them that I feel the need to play just for myself. It's an exhilarating feeling to be out on the field with the ball in your grasp when nothing seems impossible. As you continue to run along with the wind on your face, nothing exists elsewhere.

I enjoy playing all sports - Basketball, Football, Handball and track and field. Without sports, my life would lose a huge chunk that over time has moulded me into the person I am today".

POTPOURRI

PODIUM PODCASTS!

The podium hosts not just the announcers of Sports day but they are also the unofficial roosters making clarion calls not just at dawn but at mid-day and dusk too! The only reason some people have grumpy faces in the afternoon is because of the annoying habit of the 12thies who scream into the mike and wake them up from their siesta.

They are also the commentators of all the interesting spectacles. Music is in their charge, too. If you don't like their genre of music, you are in for a bad ride! The podium is an integral part of sports day. Without it, the meet would fall away like withering threads.

BALL UP AND DOWN

Ball Up and Down relay for D Boys had all the thrilling elements of a close finish. Lagsdan's team was lagging quite a considerable distance behind. But they pulled themselves in the last rung and finished just 3.4 seconds behind the winning team of Likith and Co. Good running Team Lagsdan!

TRIPLE WONDERS AT THE 3 LEGGED RACE

Wonder 1: Safdar and Maqbool tied their legs like the rest but they hopped on 2 legs instead of running on 3 legs. They did not win but it was innovative and fun to watch!

Wonder 2: Everybody thought that Sanjula and Aishwarya had broken the record as they had a huge lead. They lost the record by milliseconds.

Wonder 3: Last but not the least, Juneili and Yanaa broke the C Girls record.

THE SPIRIT OF SPORTS

What is sportsmanship? It is to play. To simply play, instead of winning medals and other awards. There was an incident during the Olympics, when a person doing the 3 km hurdles, tripped on one of the hurdles and fell. One of the other runners sacrificed his chance of winning and helped the person get back on his feet and finish the race. Sportsmanship is also to do your best and not care much about the outcome.

FRISBEE UNITES ALL

Frisbees can be seen whizzing everywhere in multi colours—blue, green, orange, white and all other colours. No matter what is happening around, frisbee players frisk around oblivious to people interrupting them, including Rajan sir commenting on the mike and records being broken on the field. It was non-stop action. Suddenly a frisbee from faraway glided smoothly and hit Anshul's head like a bullet. Oh! What a coincidence! Tashi's shirt is matching with his frisbee. Now, what's happening? Are people playing with their hands or heads? Frisbee is indeed a new trend starting in RV.

OFF THE COURT

AMBULANCE ON ITS WAY!

The ambulance made its first entry to the sports field during the opening ceremony. Apoorv and Arav fainted on Thursday afternoon as they were getting ready for the marchpast. What was the reason? Was it the heat? Had they over-eaten at high tea? Or, had they not drunk enough water? One of them perhaps saw stars before falling to the ground, eyes open and still smiling. They are now being reminded by all and sundry to have walyte every now and then.
